

PRESENT:

ED World Tour Congresses

#EmbracingDiversity

#Abrazandolaiversidad

"Embracing diversity means valuing each unique voice and experience, acknowledging that together we form one heart, united by respect, empathy, and the celebration of our differences. It is within this unity that we find the strength to build inclusive communities, where everyone has the opportunity to thrive and contribute fully."

1. General Objective ED

Promote the social wealth that comes from embracing diversity in all areas of society through a series of restorative, educational, and collaborative congresses, with immeasurable projected benefits.

2. Specific Objectives ED

1. Development of Inclusive and Reparative Equity:

- Create dialogue spaces where the bio-natural inclusion of all people is experienced, regardless of origin, gender, sexual orientation, religion, or ability.
- Provide practical tools for reparative equity in educational and mental health contexts.

2. Raise Awareness in the Community About the Value and Importance of Diversity:

- Develop activities that highlight the importance of equanimity in various social contexts.
- Establish research groups to investigate the value of diversity.

3. Strengthen Human Relationships:

- Offer workshops and seminars focused on restoring and strengthening human relationships.
- Facilitate the creation of community support networks ED.

4. Drive Social Innovation:

- Present success stories and best practices in diversity management.
 - Reward Social Change Agents ED.
 - Foster collaboration between different sectors to create innovative projects.
 - Promotion of the ED quality seal.
-

3. Main Activities:

1. Talks and Keynote Conferences:

- Invite experts in diversity, inclusion, mental health, business, security, and social peace to share their knowledge and experiences in different fields.
- Interactive sessions with questions and answers.

2. Practical Workshops:

- Immediate APH Intervention Workshop for mental health.
- Reparative Yoga 2.0 class for children and adults.
- Practical session on the power behind pain with meditation exercises.
- Role-playing exercises and simulations to develop diversity management skills.
- Group activities that facilitate practical learning and application of theoretical concepts.

3. Debates and Round Tables:

- Spaces for constructive debate on controversial diversity-related topics.
- Participation of panellists with different perspectives and backgrounds.
- Sharing questions and answers.

4. **Collaborative Activities:**

- Team building dynamics to foster teamwork and cooperation.
- Group projects where participants work in different fields.
- Inclusion of ideas and strategy design.

5. **Exhibitions and Stands:**

- Space for organizations to showcase their programs and resources.

6. **Networking Sessions:**

- Opportunities for participants to connect and establish collaborative relationships.

" May this great embrace give rise to more humane and joyful societies."
